Miracle Cures and Health Scares

What's the evidence behind the headlines?

Coffee Cures Cancer!
Coffee Causes Cancer!
Red wine is good for you!
Red wine is bad for you!
Eat MORE! Eat LESS!

Confused about health stories in the news? Want to learn how to find out what's behind them? Come along and take part in this fun, interactive workshop.

This is a workshop for members of the public, patients and carers. No experience is necessary. It is organised in partnership with the Health and Environment Public Engagement group for the European Centre for the Environment and Human Health and the Cornwall Health Library
